EXPERIENCE

Software Engineer

DataSoft Systems Bangladesh
Limited

Dec, 2023 - Present

Software Engineer

Adova Soft

Sep, 2022 - Nov, 2023

Web Developer

Adova Soft

June, 2020 - Sep, 2022

ACHIEVEMENTS

- Best Team Player of the Quarter Jan - Mar 2024 while working on DataSoft.
- Second Runner UP on "Project Show Casing" event at SU-CSE Day - 2023.
- Author and Maintainer of two open source PHP packages: [db_craft](#), [onubadok](#) published in packagist.

PROFESSIONAL SUMMARY

Experienced Full-Stack Software Engineer with 4+ years of expertise in building scalable web applications using PHP (Laravel, CodeIgniter), React.js, Vue.js, MySQL, Redis, and MongoDB. Proficient in designing SaaS solutions, RESTful APIs, and authentication systems, with a strong focus on clean, maintainable code. A quick learner is passionate about creating user-friendly, secure, contributing to open source projects and high-quality software solutions.

PROJECTS

- Microfin360Next:**
Contributing to a microservice-based, dashboard-driven microfinance management software designed for Microfinance Institutions. Responsibilities include optimizing code processes, and developing and maintaining modules for accounting, loan management, and regulatory authority reporting.
- Institute Project Thesis Manager:**
Led the development of a web-based solution designed to streamline academic project and thesis management. The platform enabled efficient collaboration, communication, and progress tracking for students and faculty, ensuring a seamless workflow for educational endeavors.
- HRExpert: (Team Lead)**
Led the development of a SaaS-based HR management platform with modules for user management, job postings, document handling, online exams, communication, and billing. Delivered a scalable solution targeting SMEs, large organizations, and HR professionals.
- Investor Management System:**
Contributed to the development and implementation of key features, including investor and partner management, investment tracking, shares and profits allocation, and withdrawal management. Ensured seamless functionality and efficient management of investor-related processes.
